	Start Time:	09.00
	End Time:	15.30

PL1 4LN

Awarding Body: City & Guilds
Cost of Course: TVC Catalogue

Entry Requirements:

You must have successfully completed a Level 2 qualification in Marine Construction, Systems Engineering & Maintenance.

Course Description

The aim of this qualification is to offer students aged 16 yrs and above a flexible range of units. The units have been tailored in to a specialized learning package in an area of interest that delivers the basics of Engineering.

- Health & safety
- Principles of boat Construction
- Producing & fitting structural boat components
- Installation & repair of vessel services

How will the course be delivered?

This is a practical course and the sessions will include tutor-led demonstrations, instruction, online test, phase tests, written coursework and repetition.

Will I need to study or practice outside the classroom?

It is always useful to practice your skills learned between sessions

How will I know I'm making progress?

During the first session the tutor will discuss goals and current level in relation to the course. Based on this assessment, you will agree individual targets which you will record in your individual learning plan (ILP). You and your tutor will review your targets regularly to ensure that you are making progress; these will be written in your ILP.

What will I need for the course?

Please come prepared with a note pad, pen and pencil. Any Personal Protective Equipment required will be supplied by Norpro Training.

Progression

Progression can be into an Apprenticeship Scheme, employment or further training. Look out for information regarding follow -on courses and other courses we provide. Visit our website at www.norprotraining.co.uk or contact us on 01752 559426

Please note:

Courses are subject to a minimum number of enrolments and could be cancelled if recruitment is low. In some cases an alternative class at a different location may be offered.
