Entry Requirements:

There are no entry requirements; this course is for complete beginners. People with limited amount of knowledge on the subject may join this course or use to upgrade their knowledge. However, minimum age of entry is 16 years.

Course Description

If you are interested in working within engineering as a fabricator and welder, then this is the place to start. This course will cover the foundation principles of:

- Health & Safety.
- Tools & equipment.
- Knowledge of materials.
- Fabrication and measuring devices.
- Steering systems, suspension, and braking, electrical systems.
- Wheels & tyres.

How will the course be delivered?

This is a practical course and the sessions will include tutor-led demonstrations, instruction, online tests, phase tests, written work and repetition.

Will I need to study or practice outside the classroom?

It is always useful to practice your skills learned between sessions.

How will I know I'm making progress?

During the first session the tutor will discuss goals and current level in relation to the course. Based on this assessment, you will agree individual targets which you will record in your individual learning plan (ILP). You and your tutor will review your targets regularly to ensure that you are making progress; these will be written in your ILP.

What will I need for the course?

Please come prepared with a note pad, pen and pencil. Any Personal Protective Equipment required will be supplied by Norpro Training.

Progression

Progression can be into the Level 2 Light Vehicle, or Level 2 Light Vehicle Accident & Repair, Apprenticeship Scheme, employment or further training.
